HEIGHT ADJUSTABLE SPRAY SUPPRESSION MUDFLAPS

This unique Product has been developed by Boydell & Jacks for Road Transport Applications, where flap damage is prevalent. Clear Pass Select is adjustable to suit any operational conditions. A further benefit of this system is that when fully retracted, flap damage is minimized in "off-highway conditions" such as site work, dock shunting and RoRo applications.

- Lightweight – weighs only 5.75 kgs per square metre.
- Anti-sail – excellent anti-sail properties.
- Market Leading Brand.
- Approved – Clear Pass conforms to all existing legislation for energy absorbing mudflaps BS AU 200/2A;A e6 2020.
- Multi-Variable Height Adjustment
- Operator Friendly
