

IT-HD BRACKETS

- The IT-HD bracket has been designed especially for the fitment of steel, aluminium, GRP and tractor unit mudguards.
- Unique design, superb appearance.
- No unsightly nuts and bolts.
- IT-HD Brackets hold the mudguard stay (pole) off the mudguard surface, hence no water traps – no rust problems.
- Quick and easy to fit.
- Mudguard removal for routine maintenance is faster.
- User friendly, no tools needed under the mudguard to fit the bracket.
- Unique 'gripping' system secures the I-T Bracket to the mudguard stay.
- Resistance to most chemicals.
- Fully Patented.
